Challenges and Opportunities
Playing strategically

Dealing with Challenges

- **Understand needs and challenges**
- **Develop/provide/use tools to succeed**

Occupational Hygiene -
Challenges and Opportunities
Playing strategically

Examples of key challenges

- Getting back on the policy agenda
- Risk perception and communication
- Evolution of OH:
 - ❑ Process to Product
 - ❑ Output to Outcome
- Skills gaps

Occupational Hygiene -
Challenges and Opportunities
Playing strategically

Examples of Tools 1

- **Leading indicators**
 - **Exposure Control Indictors (ECIs) or**
 - **Ill health Prevention and Performance Indicators (IPPI)**

Occupational Hygiene -
Challenges and Opportunities
Playing strategically

Examples of Tools 2

- Risk communication: principles, techniques and tools

Occupational Hygiene -
Challenges and Opportunities
Playing strategically

Examples of Tools 3

- **Innovative IIT**
 - **LOcHER**

Occupational Hygiene -
Challenges and Opportunities
Playing strategically

Examples of Tools 4

- **Process to Product types**
- **Output to Outcome types**

Occupational Hygiene -
Challenges and Opportunities
Playing strategically

Examples of Tools 5

- Failure minimisation controls

Occupational Hygiene -
Challenges and Opportunities
Playing strategically

Discussion

Should we spend a lot of our valuable time doing personal air sampling surveys?
